2 Agenda

- Activities

3 Discussion

- upcoming events
The date for the Braunschweig test training has been fixed. The meeting is scheduled June 4th and 5th. Here is the agenda: <https://github.com/openETCS/validation/wiki/Agenda-for-Test-Training>.
- Internal Assessment
Review of D 4.2.1, D4.2.2 and rework of D4.2.3 according to the assessment received at the Workshop on Safety Assessment is ongoing. Also, updates on the QA-Plan due to the internal assessment are available now. To co-ordinate the activities Jan will organise a follow-up meeting with the partners involved.
