2 Agenda

- Update on Activities

- Upcoming Events

3 Discussion

- Update on Activities
  A technical workshop took place in Frankfurt. Target of the meeting was to close differences in undersdtanding of location information handling between Jan and Uwe. The result will be docuemnted in an update of the both documents describing the function. Finally, the information will be distributed in Jańs document.

- Upcoming Events
  Next WP3 event is a goto-meeting on how to get WP3 started and on structuring the WP3 description of work (Monday, January 27th).

  This meeting prepares the actual modelling team kick-off planned for Tuesday, January 28th. Here, potential partners are welcome and will be introduced to WP3 activities.
